MARIE ROHAUT

2019-2021 GODOLPHIN FLYING START TRAINEE

PROFILE

After graduating from a master's degree in Entrepreneurship Management in Paris, I travelled the world for 2 years to work with top class professionals in 5 different locations. Australia, Japan, France, England and Ireland have hugely contributed to my horse racing culture and experience. Japanese racing and opportunities, but also Northern Farm have been a true turning point in my journey, and I developed a huge interest in this market that I value a lot.

Trying constantly to work with ambition and proactivity, I also co-founded the French Association *Aux Courses Les Jeunes*, whose aim is to promote horse racing towards the young generation.

Succeeding my years of experience in studs, I now have the desire to focus on training, who's always been my special field. I am currently a trainee on the Godolphin Flying Start, a Management and Leadership training programme that specialises in thoroughbred horseracing and breeding.
