## My Profile

A recent graduate from Delaware Law School, Cum Laude, I am now a first-year trainee in the Godolphin Flying Start Programme. I earned a Bachelor of Science in Equine Studies, concentrations in Equine Science and Equine Business Management from Centenary University in New Jersey. I also completed both semesters of the Kentucky Equine Management Internship at Lane's End, Oak Tree Division (Spring 2016) and Margaux Farm (Fall 2014). I aim to intermingle the two passions through my time on the Godolphin Flying Start Programme.

## Experience
