My Profile

Having developed a passion for horse racing at a young age, I decided to travel Australia to work on the Arrowfield yearling preparation team and for Gai Waterhouse and Adrian Bott in Sydney, where I developed a diverse set of skills. I am currently a trainee on the Godolphin Flying Start, a Management and Leadership programme that specializes in thoroughbred racing and breeding. There are four core modules, Business Management, Leadership, International Bloodstock, Breeding and Racing, Horse Production. Over a two year period, trainees study and experience the horseracing industry and experience the horseracing industry in Ireland, UK, USA, Australia and Dubai. The program is accredited by University College Dublin Michael Smurfit Business School and trainees are awarded a Graduate Certificate in Management (Thoroughbred Industry) on graduation.
