EXPERIENCE

Stallion Groom

Newgate Farm Australia 2019

I worked in the stallion team for one of the fastest growing farms in the Hunter Valley at Newgate. On a day-to-day basis I worked in the stallion barn and helped with the yearling prep. I also worked in the nomination's office. Working for Newgate gave me a huge insight into Australian racing and how a dynamic young company works.

Bid Spotter

Magic Millions, Gold coast yearling sale 2020

During the January yearling sale, I had worked for Magic Millions as a bid spotter. Working in this vibrant and exciting atmosphere gave me great exposure to the Australian bloodstock industry as well as familiarizing me with the biggest buyers in the Southern Hemisphere.

Stud Groom

The Beeches Stud Waterford 2016-2019

Here I worked with some of the busiest National Hunt stallions in Europe including Flemensfirth, & Solider of Fortune. Duties included working with mares and foals, vet work and helping in the stallion shed. Working here gave me a brilliant grounding in the industry and gave me a super worth ethic.

Manor House Stables – Tom Dascombe

May & June 2020

I spent eight weeks with Group 1 winning trainer Tom Dascombe in Cheshire. I was very lucky to attend all the race meeting with Tom and got to see his methods training methods. I also worked alongside bloodstock agent Ed Sackville of Sackville/Donald when he attended three different sales on Tom's behalf.
