My Profile

Originally from Limerick, Ireland, I am a 24 – year old Godolphin Flying Start trainee due to graduate in July of 2022. I am an alumna of the University of Limerick. I have always been passionate about horses from a young age and it is my ambition to grow as a person within the horseracing industry, whilst becoming an integral part of its continuous and future success. My passions within the industry include; consignment of stock for sales, developing young horses, stock management and pedigrees. Outside of the industry, I enjoy eventing, running, swimming and tag rugby.
