PROFILE

A recent graduate from Delaware Law School, *Cum Laude*, I am a second-year trainee in the Godolphin Flying Start Programme. I also have a Bachelor of Science in Equine Studies, concentrations in Equine Science and Equine Business Management from Centenary University in New Jersey. I have also completed both semesters of the Kentucky Equine Management Internship at Lane's End, Oak Tree Division and Margaux Farm. My career goal is stud management and expect to graduate Godolphin Flying Start in July 2022.

EDUCATION

Godolphin Flying Start

2020-2022

Godolphin Flying Start is a Management and Leadership training programme that specialises in thoroughbred horseracing and breeding. There are four core modules: Business Management, Leadership, International Bloodstock, Breeding and Racing, Horse Production. Over a two-year period, trainees' study and experience the horseracing industry in Ireland, UK, USA, Australia and Dubai. The programme is accredited by University College Dublin Michael Smurfit Business School and trainees are awarded Graduate Certificate in Management (Thoroughbred Industry) on graduation.

Erin McLaughlin

Godolphin Flying Start Trainee 2020-2022

GODOLPHIN FLYING START EXTERNSHIPS

USA Externship

Spendthrift Farm, May 2021 – July 2021

During the externship I spent time in every division of the farm. I was able to work with mares, foals, yearlings, stallions, the office, and the maintenance team. I shadowed the managers of each division for veterinary and farrier work. I sat and discussed roles within each office department from stallion bookings to marketing.

Australia Externship

Kick Collective, November 2021 – January 2022

INTERESTS

Outside of the equine industry a few interests are sailing, hiking, ice hockey, and AKC hunt tests with my Labradors: Cian, Aengus and Donnacha. I also enjoy riding/showing my retired off the track Thoroughbred in the show hunter divisions.
